ABOUT ME

Presently a third year student of Sikkim Manipal Institute of Technology (SMIT), pursuing a course in Computer Science Engineering. A very energetic and passionate student looking for an internship to explore and develop new skills with a variety of experts.

CAREER OBJECTIVE

- Full-time summer internship as software developer or application developer.
- Software Developer in a product-based company.

EXPERIENCE

7/DEC/2019 – 5/JAN/2020

INTERN/TRAINEE, ASPIRE VISION TECH, PVT LTD

In this winter internship/training, sponsored by Microsoft(MTA), I was given to develop an **Android App** which can store notes in the form of images using different types of layouts (linear/relative), views (recyclerView) and Java for in-app events without database integration. The application was mainly a Front-End application.

15/JUNE/2019 – 22/JUNE/2019

INTERN/TRAINEE, EXPERTSHUB PVT LTD

In this summer internship/training program there was a team of 10 members assigned and we were taught **machine learning algorithms** and were given a machine learning based problem statement to build which was **stock market price prediction**.

EDUCATION

JULY/2018 – PRESENT

BACHELOR OF TECHNOLOGY, SIKKIM MANIPAL INSTITUTE OF TECHNOLOGY, INDIA

Till now I have acquired **8.6 CGPA**(till 4th semester) and **9.40 GPA** in my last semester, also apart from coursework I have done **7 online certified courses** and completed **3 certified projects**, won **C quiz competition** in college. Also I'm **3 star HackerRank** Competitive Programmer.

APRIL/2004 – MARCH/2018

INTERMEDIATE/HIGH SCHOOL, ST. JOHN'S SCHOOL D.L.W. VARANASI, INDIA

I acquired **92% in ICSE Board** (High School) Examination and **82% in ISC Board** (Intermediate) Examination.

SKILLS

- Full-Stack Web Developer
- Front-End Android App Developer
- Machine Learning, Artificial Intelligence
- Programming Languages:- C,C++,JAVA,PYTHON,JAVASCRIPT
- Communication Skills:- Oral and written

PROJECTS

- **CONTACT LIST WEB APP**
Developed a **Full-Stack Web Application** to store contacts of different person using **Node.js, MongoDB, and Express**. It is a kind of basic fully functional web application.
- **TO-DO WEB APP**
Developed a **Full-Stack Web Application** to store **TO-DO informations** of different person **using Node.js, MongoDB, and Express**. It is a kind of basic fully functional web application.
- **CODEIAL SOCIAL MEDIA WEB APP**
Using **MongoDB, Node.js, Express** and other libraries like **Passport.js, Node-Mailer** for authentication, for mailing services and **parallel-jobs**, etc., developed a fully functional and production and deployment ready social media application.
- **NOTE GALLERY APP**
Using **Android Studio and JAVA** developed a mobile app which can store images which contains notes in **RecyclerView** as note gallery. It was a part of my winter training from **Microsoft Technology Associate** based company.

ACTIVITIES

I have **volunteered** many college events such as **TEDxSMIT** (appointed as **food club head**), **Kaalrav**(college fest), **SMIT Alumni Meet**. I also **participated** in many tech and non-tech events of college like **Hackathon**, workshops, MUNs(**SMITMUN**), hosted events and many other and got won some of them, I was also **House Vice Captain** and **House Captain** in my school because of my excellent leadership skills. I was also an Internshala Student Partner.
